

Workshop Series:
Tools, Sectors, Resources and
Governance for DR3

Re-Energize DR3
Kick-Starting Global Governance

Sharing lessons and best
practices

Workshop Organizers: UCL Islands Laboratory and University of Mauritius

Re-Energize DR3 aims to support islands and coastal cities to build adaptative governance capabilities that will embed equitable disaster risk reduction and resilience (DR3) into development planning and development to advance three global agendas coherently: Sustainable Development Goals (SDGs), Climate Change Adaptation (CCA) and the Sendai Framework (disaster risk reduction). Appropriate tools, indicators, resources, sectoral practices, and governance mechanisms will be discussed with stakeholders in different localities to support the development of our DR3 tool and its application to different context.

Location: Zoom

Day and time: October 8, 13:30-15:30

Duration: 2 hours

<p><u>Introductions and Opening Remarks</u></p> <ul style="list-style-type: none"> • 10 min – Introductions • 5 min opening remarks - Mauritius • 5 min ppt UoM • 5 min ppt Toolbox and Indicators UCL 	<p><u>Session 1: Governance, resources and sectors</u></p> <ul style="list-style-type: none"> • 5 min presentation UCL/UoM • 10 min survey • 30 min discussions 	<p>BREAK (5 MIN)</p>	<p><u>Session 2: Equitable resilience governance and vulnerability</u></p> <ul style="list-style-type: none"> • 5 minutes presentation UCL/UoM • 10 min survey • 30 min discussions
