

# AWARD

CONGRATULATIONS  
to

**Dr Devina Lobine**

*Postdoctoral fellow, Dept. of Health Sciences, FMHS*

FOR THE AWARD OF THE

**L'Oreal-UNESCO for Women in Science  
Sub-Saharan Africa 2020 - Young Talents.**

Devina Lobine is studying inhibitors from traditionally used medicinal plants, as therapeutics for the treatment of Alzheimer's disease.

To do so, she uses the molecular, pharmacological and neuroprotective properties of medicinal plants traditionally used on the island.

Works under the supervision of the supervision of  
Dr F Mahomoodally (FMHS-UOM) and Dr F Boulle (Axonova Ltd)
